WAREHOUSE MANAGEMENT

The warehouses are created by the RO in the platform and managed by warehouse managers. A warehouse can be segregated based on the facilities it provides to its depositors, i.e.,

- General warehousing
- Dedicated warehousing

(User – RO)

1. Create Warehouse

A. All the warehouses in the system are governed by a regional office (RO). This office has the power to create a new warehouse under their region by following the following steps:

Warehouse Management >> Manage Warehouse

B. The system will redirect RO on the list screen where he can view the list of warehouses registered under the respective regional office.

Warehouse Details											Add New Warehouse
#	Name	Address	Category	Contact Number	Buffer	Type of Warehouse	Licence Renewal	Register In Account	Bank Details	Actions

1. Tariff Configuration

A. The CO can configure tariffs for a warehouse through their login. The ways CO can configure tariff are as follows:

- Warehouse-wise tariff
- Commodity wise
- Special Tariff Configuration
- FCI Tariff (Special tariff applicable only for FCI)

B. The CO can configure warehouse tariffs by following the steps mentioned below:

Tariff >> Warehouse-Wise tariff

Create Tariff Warehousewise

Warehouse*	Tariff Category*	Tariff type*
Select Warehouse	Select Tariff category	Select Tariff Type
Warehouse Type*	Unit Measurement*	Fertilizer*
Select Warehouse Type	Select Unit Measurement	NO
Tariff Amount*	Start Date*	End Date*
Enter Tariff Amount	01-01-1970	01-01-1970

Reset Cancel Save

C. The user will enter the desired details on the tariff configuration form and save them to apply them on the selected warehouse.

- a) The CO will select the category under which the warehouse falls and select the type of tariff.
- b) The tariff is configured for the below-listed types
 - i) Gross
 - ii) Net Area
 - iii) Custom
 - iv) Bound Area
- c) Then the HO defines the following information to configure the tariff
 - i) Warehousing type
 - ii) Units of measurement
 - iii) Period (for which the tariff is applicable)

D. The CO can configure commodity tariffs by following the steps mentioned below:

Tariff >> Commodity wise tariff

Create Tariff Commodity Wise

Commodity Group* Commodity* Packing Type*

Packing Weight From* Packing Weight To* Tariff Amount (In paise)*

Warehouse tariff Category* Tariff Commodity Start Date* Tariff Commodity End Date*

Tariff Bag Equivalent

Stack Height Insurance*

E. The user will enter the desired details on the commodity tariff configuration form and save them to apply them on the selected warehouse.

- a) To configure commodity wise tariff the HO provides the following information
 - i) Commodity group
 - ii) Commodity
 - iii) Per metric ton Rate
 - iv) Packing type
 - v) Packing Weight (From & To)
 - vi) Tariff amount
 - vii) Warehouse tariff category
 - viii) Tariff applicable period (From & To)
 - ix) Stack Height
 - x) Insurance included (Yes/No)

F. The CO can configure FCI tariffs by following the steps mentioned below:

Tariff >> FCI tariff

Tariff Fci

Showing 1-5 of 5 items.

#	Date	Tarrif Amount	Unit of Measurement	Tariff Insurance	Billing Type	Actions
	<input type="text"/>
